

How do I whitelist for Cloudmark?

To reliably have our emails get to your inbox, you need to exempt it from the blocking Cloudmark does. To do that, you add our From address to your Smartlist.

- » First, find the most recent email from us that Cloudmark mistakenly put in your spam folder or Deleted Items.

- » On the Cloudmark toolbar, click the Unblock button.

- » When Cloudmark asks whether you want to always receive e-mail from this sender, click Yes.

That's all there is to it. Thanks for whitelisting Resale Enterprises.
