For our emails to reliably get into your inbox, youâ€™™ need to exempt it from the filtering Mailblocks does. You do this by adding our From address to your Accept Mail From list.

- » First, get the From address from your most recent email from us.
- » Open Mailblocks.
- » Select the Addresses tab.
- » Click New.
- » In the space provided, type or paste the From address from your most recent email from us.
- » Under Receiving Options, select Accept Mail From This Address.
- » In Other Options, un-select Display in People Picker.
- » Click Submit.
- » Click OK.

Thatâ€™™s it. Youâ€™™re done. Thanks for whitelisting Resale Enterprises.
