If you want our emails to reliably get past MailShield and into your inbox, youâ€™ll need to exempt it from MailShieldâ€™s filters. You do this by adding our From address to your list of Friends.

- » Open your Inbox.
- » Get the From address from your most recent email from us.
- » On the MailShield toolbar, click Friends.
- » Click Add.
- » In the space provided, type or paste the From address from your most recent email from us.
- » Click the OK button.

Thatâ€™s all there is to it. Thanks for whitelisting Resale Enterprises.
