To have our emails reliably get to your inbox, you need to exempt it from MailWasher's filters. You do this by adding our From address to your list of Friends.

- » First, get the From address from your most recent email from us.
- » In MailWasher, select Tools.
- » Next, select Blacklist & Friends.
- » In your Friends List (over on the right), click the Add button.
- » Select the Plain e-mail address option.
- » In the space provided, type or paste the From address from your most recent email from us.
- » Click OK.
- » Click OK again.

Thanks for whitelisting Resale Enterprises.
