---

To have our emails reliably get to your inbox, youâ€™™ll need to exempt it from the filtering that Symantecâ€™™s Norton Antispam does. You do this by adding our From address to your Allowed List.

- » First, get the From address from your most recent email from us.
- » In Norton Antispam, open the Options.
- » Check the AntiSpam box to make sure Allowed List is selected.
- » Click Add.
- » In the space provided, type or paste the From address from your most recent email from us.
- » Enter a Description for this address that youâ€™™ll be able to easily recognize later.
- » Click OK.
- » Click OK again.

Thanks for whitelisting Resale Enterprises.
