Of Course, we will be glad to help you out. Our resellers love to get free stuff, and we love to give it to them. We do have a few guidelines that we expect in order to showcase your free product.

- » You should have a quality product that is informative, and/or useful.
- » It must be your own, no affiliate link embedded products will be allowed.
- » You must be willing to include our website link inside your product, as well as your own.
- » We must be able to pass on giveaway rights to our customers so that they too can give it away.

We do prefer that you provide us with an ebook, or software box covershot so that we can provide a quality image for showcasing the product. This is not required, just preferred.

That's about it.

If you are looking to drive traffic to your website, create a decent free product, add your links, and get it to us ASAP.
