We do allow products to be placed on our site, but we cannot charge our customers for your products. We can however place them in our "Free Products" Section. Requirements: Must contain quality, useful information Must be atleast 10 pages (not overloaded with ads) eBook cover is mandatory, salespage included is even better. Must be in PDF format (people are really moving away from Windows eBooks) We must have prominent placement on the first page of ebook, ie, sponsored by.... or something like that. Must include, resale rights, or giveaway rights license, in PDF Please Submit a Support Ticket to request the above.
