---

PacBell will deliver anything that comes from an address in your Address Book straight to your inbox. So, youâ€™ll need to add our From address as a Contact in your Address Book.

- » First, get the From address from your most recent email from us.
- » Open your Address Book.
- » Click the Add Contact button.
- » Type or paste into the space provided the From address from your most recent email from us.
- » Save.

Thatâ€™s all there is to it. Thanks for whitelisting Resale Enterprises.
