How do I whitelist for SpamPal?

To get our emails, youâ€™ll need to exempt it from the filtering SpamPal does. To do that, you add our From address to your Whitelist.

» First, get the From address from your most recent email from us.
» Click on the SpamPal icon in the Windows system tray. (SpamPal must be running, or the icon wonâ€™t be there.)
» Choose Add to Whitelist.
» Type or paste into the text box the From address from your most recent email from us.
» Click the Add button.

Thanks for whitelisting Resale Enterprises.
